Thousands of Tax-Free Income & Savings Revealed in These (4) Hidden Tax Benefits by This New DISKUVRY™ Service

Chicago, IL - Jan 10, 2012; Small home business owners gain over \$5,000* in tax-free income and/or savings with this new DISKUVRY™ (dis-cov-er-y) service, by the Foundation for Financial Freedom.

“The DISKUVRY™ service is a 1-hour consultation that reveals at least these (4) tax benefits:

1. Take \$1,500* tax deduction for this car expense, missed by most CPAs and business owners
2. Gain \$2,800* tax-free income from this “1-activity” every home business already performs
3. Add \$1,050* tax deductions from ancillary expenses hiding in your home business
4. Earn 9%-15%* tax-free in this tax structure that everyone qualifies for, regardless of income

said Gary T. Shorter”, President of the Foundation for Financial Freedom. Plus, we Guarantee (50:1) Return-on-Investment (ROI) for this exclusive DISKUVRY™ service, where small home business owners will recognize at least \$5,000 in tax-free income and/or savings for a reasonable fee of just \$100 for this 1-hour service,” said Shorter. Otherwise, small home business owners should realize they will Over-Pay their (business) taxes without this proven DISKUVRY™ service.

Complete details are available online at the Foundation’s website: www.FoundFreedom.org

The Foundation for Financial Freedom is intent to be a not-for-profit organization, focused on market research and educational services to help you advance your financial security and be recognized as - *Your Tax-Free-Money Specialist™*.
